**Subject:** Whitegates Park P/ED/26/0104 Application

Dear East Dunbartonshire Council,

I disagree totally with the plan to rebuild Lenzie Acadmy on Whitegates park. Whitegates is one of the few greenspaces left in Lenzie, with its precious wildlife. In addition, the cost of removing serious contamination from previous uses, is so high as to make it I would have thought infeasible.

Also I fail to see why this drastic route has been chosen when the method of building new school on the games fields, and then creating new sports fields on the site of the old building has worked so well in other local schools.

Regards,

[redacted]
