

HUB

Information Session

Bishopbriggs Community Hub and War Memorial Hall

Come and see emerging plans for the Community Hub and refurbishment of the War Memorial Hall.

The Community Hub will enhance the current library facilities through a refurbishment and upgrade of the current accommodation and will bring together Council, library, leisure and cultural services in a single building.

The town will also benefit from upgraded hall facilities as Bishopbriggs Memorial Hall undergoes a full internal refurbishment.

A follow-up information session will take place at **Bishopbriggs War Memorial Hall on Balmuilty Road, Bishopbriggs on Thursday 18 August from 4pm-7pm** to address your questions and comments and to keep people up-dated as to how the proposals are progressing.
