

## Roll Projections for St Ninian's High

The roll projections include an allowance for known housing development and trends in placing requests e.g the number of placing requests out of the catchment. They are not calculated using actual addresses. It is important to be clear the roll projections below are based on analysis of population data, interpreted through current trends. Should there be changes to current trends – e.g. changes in behaviour around placing requests, unforeseen changes in demographics, other major disruptions to families' behaviours – this will not be accounted for in the projections, and they will not be accurate. It is also important the projections are not taken to be exact predictions. They are intended to provide a guide to likely levels of school population, and we would expect them to be correct in terms of the likely direction of travel, but not to provide accurate numbers.

The capacity of St Ninian's High is 850, with a cap of 150 in S1.

### 1. Trends in applications from catchment children into St Ninian's High

In the case of St Ninian's High, there have been variable numbers from the associated primary schools and there are also a number of requests for children who live in the catchment and attend another primary school. It is not possible each year to know the exact number, but the data for the last three years is detailed below.

Children from non-associated Primary schools transferring to St Ninian's High	
2019/20	28
2018/19	41
2017/18	28

### 2. Roll projections for St Ninian's High ( Updated in November 2019)

Projected S1 Intake from Catchment Area, with Housing							
St Ninian's High	2020	2021	2022	2023	2024	2025	2026
Projected S1 Intake	141	158	150	141	126	134	136

This projection includes the associated primary schools and an allowance for some pupils from Craighead Primary.

### 3. Analysis from associated primary schools only into S1 for St Ninian's High for Session 2020/21 and 2021/22:

This has been done by analysing addresses for the current Primary 6 and 7 pupils with an address in the catchment. It includes pupils who attend the associated primary schools only but not those in another primary school.

Projected catchment based on analysis of addresses in November 2019	
Session 2020/21	115
Session 2021/22	129

#### **4. Pupils enrolled in the Celtic Academy**

Pupils are enrolled under a placing request ; they are admitted after the Priority 1 Placing Requests : those with a sibling in the school.

	<b>Number of pupils enrolled into the Celtic Academy within St Ninian's High School</b>
Session 2016/ 17	11
Session 2017/18	18
Session 2018/19	11
Session 2019/20	6
