How to Park with PayByPhone

Please follow the simple step-by-step instructions to start a parking session using the PayByPhone app. >

Who are PayByPhone?

PayByPhone offer a quick and secure way to pay for parking with your mobile phone. Instead of having to put money in a pay and display machine, you can use our app, website or call in.

Do I have to display a ticket in my car?

No. Once you've started your parking session with us, you're free to get on with what matters most.

How do traffic wardens know I have paid?

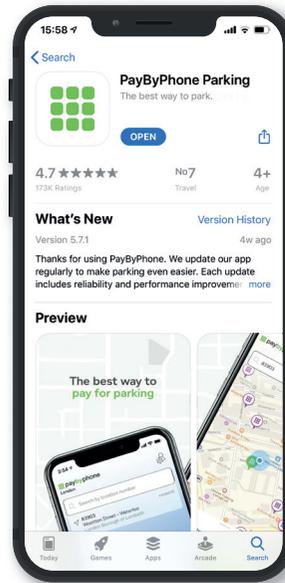

When you have successfully paid, the traffic wardens' enforcement device is updated to show your vehicle registration number along with the start and end times of your parking session.

Is it safe to use my credit/debit card?

Yes, PayByPhone is fully compliant with Payment Card Industry Data Security Standards.

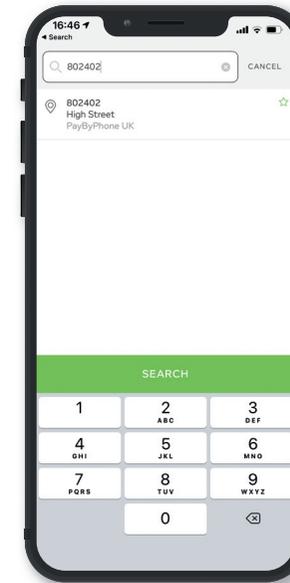

How do I get VAT receipts for my parking?

You can receive receipts by text or by email, or download them from our website paybyphone.co.uk

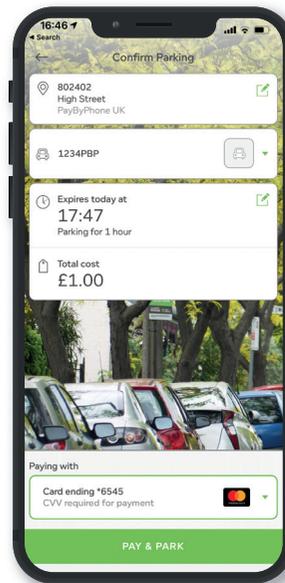

1

Download the PayByPhone app
Download from the App Store or Google Play.

2

Enter your location code
Select the suggested nearest location code or enter the location code found on the nearby PayByPhone signage.

3

Enter your parking duration
Enter the length of time you wish to park and check your details before confirming your selection.

4

Extend your parking anytime
Add more time from wherever you are. Simply open the app and tap 'extend'.
