Proposed Craigfoot Allotments
Antermoney Road, Milton of Campsie

Public Exhibition
22 June 2017
2-7.30pm
Craighead Community Centre

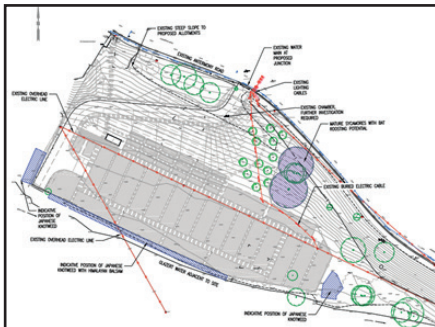

Background

The existing open field space was previously gifted to East Dunbartonshire Council with the aim to use the land for community benefit. The Council wishes to establish a new garden allotments for the Milton of Campsie community which will be visually pleasing and integrates well into the surrounding landscape. It is important to the Council that the community has an input into the proposed development to ensure that any ideas or inspirations are incorporated where practically possible.

Work to Date

WSP have been appointed to undertake the work to deliver an allotment design that meets the requirements of both East Dunbartonshire Council and also incorporates the ideas and expressions of the local community. To date there have been a number of key stages that have been delivered on the project:

- Junction and access assessment into the proposed allotments, key elements for consideration were
 - Access onto the existing Antermony Road;
 - Parking provision to the allotments;
 - Turning facilities for a bin or skip lorry.
- Surveys including;
 - Extended Phase 1 Habitat Survey
 - Topographical Survey;
 - Preliminary Risk Assessment Land Quality;
 - Service GPR Survey;
 - Stage 1 Flood Risk Assessment
- Identifying existing constraints

- Optioneering for proposed allotment layout

Key Features of Allotments

A Key aspect of the allotments was to ensure that all members of the community can access them. The current proposals are to incorporate a number of key elements:

- Allotment plots- 22 plots with an average area of 108m²;
- Terraced Beds which maximise the available space on the existing slope;
