## Comment Details

Commenter Type: Member of Public

Stance: Customer made comments in support of the Planning Application

Comment Reasons:

Comment: With children due to attend this school and having recently witnessed the state of the current school, I am in full support of the new build. Facilities and space at the current school are no longer appropriate for the needs of modern education and the new school will be of huge benefit. No objections to the location, happy for it to progress and the build to commence as soon as possible.
