Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: Fully object the build

A new school can be built on the current land

The land proposed to be built on has chemical and if EDC build on this and children or staff have illnesses that have been started by toxic land that they take EDC all the way through the courts. Im sure someone is being paid via a large brown envelope for this to go ahead on the toxic land so houses can eventually be built on the current school land  
Absolutely disgusting
