Commenter Type: Neighbour

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: There are no reasons why a new school can't be built on the present site of the school. It's unacceptable that the residents of Lenzie/Whitegates should be expected to foot the cost of an enlarged school to facilitate children who don't live within the Lenzie catchment area.. There are major concerns on the traffic management plan put forward.. which would see an increase in traffic to side streets like Lomond Road, Moncrief Road, Woodside Ave, Middlemuir Ave, Hazel Ave etc as parents will drop their kids off in these streets to allow them access "the line" at the top of Woodside Ave and Middlemuir Ave. Further concerns are that the Whitegate park is the last green space in Lenzie which offers source freedom to older local people who walk their dogs, exercise.. It's also a concern that EDC have gone to great lengths to rewild the Whitegates area and by building a new school will impact on local wildlife.. I object to the new school at Whitegates as the project cost doesn't offer value for money and the impact on the local area is not acceptable.
