

Funding for Early Learning and Childcare

Session 2023-24

West Partnership
cross boundary agreement

Background

All children aged 3 and 4, as well as eligible 2-year-olds, are entitled to access increased free early learning and childcare provision. Each child is provided with 1,140 hours each year, which can be accessed in either Council-run nurseries or private nurseries and childminders which meet the required criteria.

The ability for families to access high quality funded early learning and childcare with the provider of their choice is known as Funding Follows the Child.

The West Partnership – which is made up of 8 Councils – has designed a cross boundary funding protocol to support the implementation of Funding Follows the Child. As well as the 8 local authorities that make up the West Partnership (Glasgow, East Renfrewshire, Renfrewshire, Inverclyde, South Lanarkshire, North Lanarkshire, East Dunbartonshire and West Dunbartonshire), neighbouring local authorities in Argyll and Bute and East, North and South Ayrshire Councils operate in line with this protocol, however access and processes may differ.

This means that, where physical and financial capacity allows, these councils will work together to support families to access their funded hours in a different Council area from where they live.

Procedure and timeline

Please Note:

- Resident Authority:** authority parent/carer and child live in.
- Host Authority:** authority in which your child attends/is seeking to attend Funded Provider setting.
- All Funded Providers:** private, voluntary, third sector and childminders in contract with the host authority to provide funded ELC
- Parents/carers can ask a funded provider working in partnership with any of the Councils above to make a request to the Council where they live for cross boundary funding.
 - All requests made before the deadline are considered at a meeting in May each year.
 - Late applications will be considered from the first Monday following receipt of the application by the host authority or effective funding date if later.
 - Once a decision is made, families will be notified.

Where you have applied for your child to defer their school start date, you should continue to follow the existing arrangements to apply for cross-boundary funding. You should contact the provider you wish your child to attend and they will submit an application for funding on your behalf.
