Stance: Customer made comments in support of the Planning Application

Comment Reasons:

Comment: I am writing to express my full support for the proposed new-build school. A safe, modern learning environment is long overdue for the young people of Lenzie, who have been left behind compared with their peers across East Dunbartonshire.

The build plan to 2030 is too long - I urge that lessons learned from other more recent school builds in the wider area are applied to this project to streamline and expedite the build, and get the staff and pupils into the new building as soon as possible. I hope this will ensure that no further cohorts of young people miss out on the safe and highquality facilities they need and deserve.
