Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: I do not believe through will follow through on your plan to turn myrtle Avenue into a public space.

I also object to the removal of sports fields from the myrtle Avenue site.

The school should remain in the heart of the community and not moved into the neighbouring town.

I believe you have not exhausted attempts to keep the school on the current site, and I believe your want to move to white gates is purely to allow you to sell the site at myrtle Avenue in future years.

Once again east Dunbartonshire council is not fit for purpose. But sadly let's be honest this objection will probably not even be read, as it is probably the case that you have already decided on the matter, and this consultation is nothing more than a box ticking exercise.
