Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: I disagree with the loss of a local amenity that I regularly use without suitable alternative provision. The proposed park on the current school site is not suitable for local residents. I doubt the council will provide this anyway and expect the land to be sold for development as it is prime real estate. I am also concerned about the impact on residents at start/end of school day if pupils are getting dropped off within the area I live. The plans do not provide information about access to the school site from Monkland Ave/ Parkview Ave and Court. There is limited pedestrian access on Initiative Rd so I am assuming there will be alternative access for pupils on foot. We already have to contend with poorly managed traffic using the leisure centre and when events are on in Woodhead Park. At times I feel I am unable to go out because of volume of traffic and inconsiderate drivers who don't seem to know the rules of the road and park in unsafe ways. I feel the council have disregarded the residents' concerns again so I fully expect the objections to be overruled.
