Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: I am writing to formally object to the proposal to build Lenzie Academy on contaminated land.

I recognise the importance providing modern education facilities, but I have serious concerns re the safety and suitability of this location. To build a school on potentially hazardous ground is in my mind irresponsible to say the least.

Secondly the detrimental impact on existing trees, habitation wildlife would cause. At a time when environmental protection and biodiversity conservation are priorities, developments should seek to protect and enhance natural environments rather than remove them.

I respectfully request that East Dunbarton Council reconsider and seek an alternative location, that poses fewer health and environmental risks.

Thank you for considering this objection.

I would appreciate confirmation that this submission has been received, and recorded as part of this consultation period.

Yours sincerely
