Case Officer: Fraser McNair

Comment Details

Commenter Type: Neighbour

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: Whitegates park is a rare greenbelt for the area it is important to maintain some nature and green space in this area. This is one reason why I moved to the area and my street, so the green space locally and the quiet street. Living so close to the proposed site will impact not only congestion on the local roads with cars from pick ups/drop offs and a significant increase in school children on these roads, especially on Middlemuir and Sycamore Avenue, the noise will also impact the area's tranquility.
