Commenter Type: Member of Public

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: I have noticed that the Ecology Report which is of extreme importance has been removed from the planning documents. Why is this? I object to Lenzie Academy being built on Whitegates Park, because of the lack of transparency ie removing this report which details that show that 61% of wetland lost 61% of trees will be removed, 100% of grassland and scrub will be gone.

Which in turn will cause bats, and birds to have to find new habitats. And I believe that bats are a protected species and therefore building this school will destroy these such creatures
