I note that the council has extended the period for objections.
I would thus like to formally make the enclosed further objections to TP/ED/26/0104, the proposed development at Whitegates Park.

[REDACTED]

As before, they are headed:

- Objection or area of objection
-
- Why it matters, why it is a material consideration, and why it is an objection to TP/ED/26/0104, OR why it demonstrates procedural unfairness or predetermination, and renders TP/ED/26/0104 unlawful
- Relevant Legislation or Guidance

Please forward anything in the category "why it demonstrates procedural unfairness or predetermination", to the monitoring officer.

These are grouped as follows :

- Objections following analysis of "Laxton precedent" TP/ED/24/0479 and DPEA :PAA-200-2085
- Objections related to tree loss
- Objections following admissions by EDC in FOI EIR_20959 (Internal Review)
- Further objection following lack of response from Ann Davie following an appeal to her by me regarding the drainage "conundrum". I have desperately been trying to raise this issue, which I think is of crucial importance as it may prove fatal. I would contend that it needs addressing without further delay before more money is spent.
- "Critique of response from planning" sent to EDC June 2026 , for completeness.

I would be grateful if you could acknowledge receipt.
