### Proposed school at Whitegates Park

I note that the " EDC\_LAND\_PLANNING\_POLICY\_CONSULTATION\_RESPONSE" has been submitted to the portal. I would like to submit a formal objection to TP/ED/26/0104 in the format of a critique of the matters discussed in this response.

The format is as follows:

What the report / evidence says	The problem to be addressed by the case officer	The criticism
---------------------------------	---	---------------

Each "criticism" being a ground for objection

In the interests of promoting "organisational awareness" I have copied [REDACTED]

On a general note, I would urge the council to act swiftly and investigate the important points that have been raised in the objections regarding the proposed construction process and methodology. I cannot emphasise enough my concern that certain crucial problems have not been addressed by the contractors and consultants at an early enough stage. My suspicion is that some of these may prove fatal to the project.
