Commenter Type: Member of Public

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: The ground chosen for the new school is badly contaminated and therefore unsuitable. It was found unsuitable for the Special Needs school subsequently located at Waterside.

The access road via Lenzie road, Monklands and Parkview Ave will be a source of congestion especially at the two junctions. Immediate entry from Lenzie Rd is already very narrow and many residents have no option than to make on street parking. Edlc leisure centre customers, commuters and parents dropping off and picking up children at the same time will create a significant traffic risk for residents and pedestrians. Monklands avenue has many residents who can only park on the street and additional traffic arising from school traffic will cause congestion on that street also.!

The current Lenzie Academy site should be utilised with playing fields associated nearby if necessary.
