Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: Strongly object to building on this site. The ground is unsuitable and may propose a danger to children's health in the future. Flooding is also a concern. The increased costs associated with building on this land as opposed to Myrtle Avenue is unfair on the council tax payer.

In addition to this I am concerned about traffic and child safety.

There are many mature trees in the area too which will require to be removed. Your own policy is not to allow removal so this seems unfair and indicates rules are different depending who asks.
