Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: I categorically object to the proposals to erect the school at Whitegates. The ground is not suitable, was not suitable for the ASN school, considerably increasing costs, loss of green space and the nature it holds. dangerous for children next to the main road. The school currently has a very large intake of out of catchment requests. A tandem built on the current school site is what is needed, not a monster school to accommodate out of area placing requests.
