Commenter Type: Member of Public

Stance: Customer made comments in support of the Planning Application

Comment Reasons:

Comment: The current school is not fit for purpose from a Health and safety perspective or from a locational access point of view. The pupils and teachers deserve a school that they can be proud of and is best in class to match the other secondary schools within East Dunbartonshire. The new location and design offers this opportunity. Not only this the former site will become an area for nature preservation and a much needed games space for the local area.
