Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: Kirkintilloch does not need another School, lenzie academy should be built on the existing grounds or towards robroyston as the catchment areas is getting bigger with the new housing. Building at whitegates park will congested the area, deprive locals, disabled and those with limited mobility of a much needed accessible park and pathway. Wildlife will be driven out. The cost of building on the park is rising and the ground was refused on past assessments because of contamination. The consultation was not clear and barriers have been put in the way for anyone seeking to gather any clear information. There is a deaf blind centre next door the last thing they need is the chaos of school traffic and noise. If lenzie need a new school build it in lenzie instead of selling land to developers.
