Comment Reasons:

Comment: I fully support the proposed new build of Lenzie Academy.

I am sure that you agree that a new build is desperately needed as Lenzie Academy is not fit for purpose and its lack of facilities is paralysing our childrens' education.

I am the Chair of Lenzie Academy PTA so am in the school often. There are a very large list of problems with the current school, the building is in extremely bad repair; with issues with leaks into classrooms, problems with water supply & contaminated water, the internet bandwidth is extremely slow, which is obviously fundamental to education today. There is a severe lack of equipment; not enough computers, broken computer keyboards, not enough projectors, printers, white screens. There is also appalling toilet facilities with many pupils not willing to go to the toilet all day at school.

As you know, Lenzie Academy is also the only secondary school in the whole of East Dunbartonshire which has not been rebuilt which is extremely unfair.

The new school build needs to be built immediately.

I would also request that you do everything in your power to support a new school is built as soon as possible to ensure children at Lenzie Academy get the same level of education as the rest of children in East Dunbartonshire.

Thank you so much for your assistance in this matter.
