Commenter Type: Member of Public

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: I must register my objection to this site. I endorse a new school but not at this site.

This park is used almost daily by me and my family enjoying peace and quiet and nature . This will all disappear and it is not going to be replaced by Myrtle .

I understand that this site was refused in the past by EDC as a site for school and deemed as unviable . The level of contamination , flooding and release of all sorts of gases etc is simply not acceptable for my Grandchildren. I understand that the plan is simply to cap all the problems ...it's their health at risk..

The so called consultation really did not provide alternate sites.

Looking at the alternatives now it seems to me that the Tandem approach used in other projects works well and satisfies the criteria of price and risk.

I therefore strongly ask the Council to reject this Planning Application
