Address: Whitegates Park Middlemuir Road Lenzie East Dunbartonshire

Proposal: Erection of a secondary school including road access, landscaping, car parking, sports pitches, recreational areas and associated development.

Case Officer: Fraser McNair

Comment Details

Commenter Type: Member of Public

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: I absolutely object to the school being built on this land. I was a pupil at Lenzie Academy in the late 90's and know 1st hand how contaminated the land is here having used short cuts through the park to get to school. I am also concerned about the traffic increase and the dangers this would present putting the school in this area so close to a very busy initiative road. The school should remain on the original site same as every other school in the EDC area has did previously.
